

Lighting

Products > Yard and Street Lights

CAEC offers outdoor lighting for residences, streets and commercial and industrial facilities. CAEC owns, maintains and provides power to our dusk-to-dawn lights for a single monthly charge.

Below are some sample lights, however, decorative fixtures and lamps providing higher output are available.

\$29.61

\$33.86

400-watt metal halide

\$24.80

\$29.05

\$33.30

If the co-op and the member agree on the installation of a light on an already existing pole, the rate in the first column applies. If one or two additional poles must be set to place the light in the desired location, the other rates apply. A copy of the full terms of the security light rate can be obtained when the member meets with our representative to discuss location of a light or lights.

- The energy charge contained in our rates may be increased or decreased by an increase or decrease in wholesale power cost, operational costs or sales volume experienced by CAEC.

- An additional 6.2% in taxes is required.

- A two-year contract is required.
