Clicking on the HISTORY tab will display your usage by kWhs and cost. Please remember that the cost is derived from the cost per kWh added to the cost for our current Power Cost Adjustment. The dollar figure does not include security light, miscellaneous charges, or taxes. Each night your meter is read and downloaded to the Usage Monitor the following morning. Your usage is associated with the day in the FROM column.

Shown to the left are your current alert settings.

You can customize your alert delivery by changing your contact information and *High Usage Threshold* in the table on the left.

Add, change or delete active alerts in the table below. Certain changes may not be permitted on specific alerts.

Active Alerts

Type	To	When
High Usage	Email: jblackmon@coop.caec.com	Delete
Daily Usage	Email: jblackmon@coop.caec.com	Delete

MyUsage.com © Exceleton Software, Inc. 1997 - 2009. All rights reserved.

The SETTINGS tab displays your current high usage threshold, e-mail address, and active alerts. To change your high usage threshold or e-mail address click the blue hyper link, CHANGE SETTING and the system will allow you to make your changes.

Under the ACTIVE ALERTS tab you can click on the blue hyper link DELETE if you decide you no longer want to receive a daily usage or high consumption notification.

The USER tab allows you to change your password. The e-mailed displayed on this screen is your USER name. If you change this please make a note of your change because this has to be used as the USER name when signing on to myusage.com
